SUMMARY

Software Engineer with 5+ years building fast, reliable web and mobile products for startups and product teams across Africa and beyond. Shipped apps to the Google Play Store and Apple App Store, built a learning platform serving 3,000+ learners and an AI-powered job-matching platform, and taught software engineering for nearly three years.

SKILLS

Languages	JavaScript, TypeScript, Python, Dart	**Frontend**	React.js, Next.js, Angular, Vue.js, Svelte
Mobile	React Native, Expo, Flutter	**Databases**	MongoDB, MySQL
Backend	Node.js, Express.js, NestJS, GraphQL, REST APIs		
Tools	Redux, Firebase, Paystack, Stripe, GitHub Actions, Cloud Hosting		

EXPERIENCE

Tredi (ODJ Tech) — Mobile Developer (React Native) — Remote · Dec 2025 – Present

- Build a mobile invoice management app supporting invoice creation, expense tracking and product management.
- Implement full offline functionality, so users can work without internet and data auto-syncs when back online.
- Design intuitive UI flows for business owners managing their finances on the go.

Conclase — Frontend Developer — Lagos, Nigeria · Jul 2025 – Present

- Develop and maintain multiple web products for the company using React.js and Next.js.
- Built Stacstart: a platform combining an LMS with AI-powered job matching, including AI course video generation.
- Built and maintain the Conclase Academy LMS for course delivery and student management, serving 3,000+ learners.

Smartmart — Mobile Developer (React Native) — Remote, Abuja · Mar 2025 – Nov 2025

- Developed and deployed a logistics mobile app to both the Google Play Store and Apple App Store.
- Monitored and optimised app performance weekly, reducing crash rates and improving responsiveness across devices.

Afrikdish — Frontend Developer Lead — Canada (Remote) · May 2024 – 2025

- Led the frontend of an e-commerce platform for African food delivery in Canada.
- Built user, vendor and admin dashboards and integrated Stripe for secure payments.
- Ran weekly Scrum meetings and worked with DevOps on deployments.

PorchPlus — Mobile Developer (React Native) — Lagos, Nigeria · Feb 2024 – Jul 2025

- Built two React Native apps, a Tenant App and a Property Management App, for landlords and property managers.
- Implemented in-app chat enabling direct communication between tenants and landlords.
- Added push notifications and geolocation for better engagement and property discovery.

Rubies Technology — Frontend Developer — Lagos, Nigeria · Jan 2024 – Jan 2025

- Built and maintained company software using Next.js and Tailwind CSS, integrated with RESTful APIs.
- Mentored junior staff and young learners in HTML, CSS and JavaScript fundamentals.

SQI College of ICT — Software Developer Instructor — Ogbomoso, Nigeria · Aug 2020 – May 2023

- Taught Next.js, Node.js, GraphQL and cloud hosting to software engineering students.
- Mentored students on real-world development practices, project management and career growth.

SELECTED PROJECTS

- **PitchHigh** — Career platform for IT Audit, GRC and InfoSec professionals. *React, Next.js, Node.js*
- **PR Buddy AI** (open source) — Summarises GitHub pull requests with OpenAI. *Node.js, OpenAI API*
- **TrediBooks** — Offline-first invoicing and expense app for small businesses. *React Native, Redux*
